Docket No. L-99999C-00-0305-00140
 Docket No. L-99999C-00-0305-00140
 Case No. 140

NOTICE OF HEARING

A PUBLIC HEARING WILL BE HELD before the Arizona Power Plant and Transmission Line Siting Committee ("Committee") regarding the application of Tucson Electric Power Company ("TEP") and Southwest Transmission Cooperative, Inc. ("SWTC") for a Certificate of Environmental Compatibility authorizing (1) the reconstruction of an existing TEP 138 KV line to an SWTC 115 KV line from the existing Saguaro Substation to the existing Tortolita Substation in Pinal County, and (2) the reconstruction of two existing TEP 138 KV lines and the addition of one TEP 138 KV line and one SWTC 115 KV line from the existing Tortolita Substation to the existing North Loop Substation in the Town of Marana, Pinal County ("Project"). The hearing will be held at The Omni Tucson National Resort, 2727 West Club Drive, Tucson, Arizona. The hearing is scheduled to begin October 6, 2009, at 9:30 a.m. The hearing will continue as necessary on October 7, 2009, at 8:30 a.m., if a tour is taken, otherwise it will begin at 9:30 a.m. If the hearing has not concluded, it will continue on October 8, 2009 at 9:30 a.m. The hearing will adjourn at approximately 5:00 p.m. on all days. Additional hearing days, if necessary, will be noticed on the Applicants and Arizona Corporation Commission ("ACC") websites.

The Applicants' website with Project information is: <http://www.tep.com/comp/env/SA2009/index.asp>

and

<http://www.southwesttransmission.com/metadata/index.cfm?id=2306&lan=Catalogy>

The ACC Website is: http://www.azcc.gov/AR_Power_Plant

Copies of the Application and Transcripts will be available for inspection at the following locations:
 Geesa-Marana Branch Library - 13370 N. Lon Adams Road, Marana, Arizona 85653.
 Marana Branch Library - 7300 N. Shannon Road, Tucson, Arizona 85741.

PUBLIC COMMENT WILL BE TAKEN AFTER OPENING STATEMENTS AND AS PERMITTED BY THE COMMITTEE CHAIRMAN. IN ADDITION, A SEPARATE EVENING PUBLIC COMMENT SESSION WILL BE HELD TUESDAY, OCTOBER 6, 2009, AT 6:00 P.M. AT THE OMNI TUCSON NATIONAL RESORT, 2727 WEST CLUB DRIVE, TUCSON, ARIZONA.

The Project consists of two segments: The first segment involves reconfiguring about 1.3 miles of a single-circuit TEP 138 KV line to a single-circuit SWTC 115 KV line on steel monopole structures within an existing, right-of-way. This segment will originate from the existing Saguaro Substation, in T.10S., R.10E., Section 15 (owned by Arizona Public Service Company) to the vicinity of the existing Tortolita Substation in T.10S., R.10E., Section 23 (owned by TEP). Both substations are located in Pinal County.

The second segment involves removing two existing TEP 138 KV lines from wooden H-frame structures and reconstructing these lines on new structures - as well as adding one TEP 138 KV line and one SWTC 115 KV line. This Segment would originate from the existing Tortolita Substation in Pinal County to the existing North Loop Substation, in T.12S., R.12E., Section 9, in the Town of Marana, Pinal County. The Project will interconnect two existing TEP Substations (Tortolita and North Loop). The Project will also interconnect the SWTC 115 KV line to the Saguaro Substation and to the proposed SWTC Adonis Substation (located entirely on State Land).

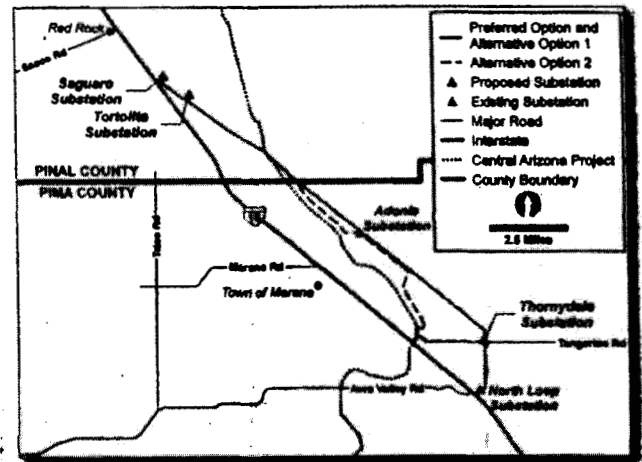

TEP and SWTC propose three options in the Application for the second segment:

- Preferred Option: Construction of one series of quad-circuit transmission line steel monopoles in the existing 360-foot-wide TEP transmission line corridor consisting of multiple rights-of-way from Tortolita to North Loop Substations (14.4 miles long).
- Alternative Option 1: Construction of two adjacent series of double-circuit transmission line steel monopoles in the existing 360-foot wide TEP transmission line right-of-way ("ROW") from Tortolita to North Loop Substations (14.4 miles long).
- Alternative Option 2: Construction of one series of quad-circuit transmission line steel monopoles within the existing 360-foot-wide TEP transmission line ROW to the intersection of that ROW and the Central Arizona Project ("CAP") canal. From that point south to the intersection of the CAP canal and Tangerine Road, the route would traverse in a new 100-foot-wide ROW adjacent to the east edge of the existing CAP canal. From that point the line would head east along the north side of Tangerine Road until it intersects the existing TEP transmission line ROW. From the intersection the line would be constructed in the existing 360-foot wide ROW to the North Loop Substation. (15.9 miles long).

More complete maps, along with more detailed textual descriptions of the proposed route are available in the Application and on the Applicants' website. The Application that includes detailed maps of the proposed Project is on file with the Docket Control Center of the Arizona Corporation Commission, 1200 West Washington Street, Suite 100, Phoenix, Arizona, 85007, and 400 West Congress Street, Suite 221, Tucson, Arizona 85701 in addition to the two library locations listed above.

The Committee may conduct a tour of the Project area and the proposed routes. If a tour is conducted, a map and itinerary for the tour will be available at the hearings. Members of the public may follow the Committee in

their own private vehicles. During the tour, the Committee may hear brief testimony at stops on the tour from one or more witnesses concerning where the stops are located, what is visible at the stops and the relevance of the location and view to the proposed routes of the transmission line in the Application. No other discussion or deliberation concerning the Application will occur. A court reporter will transcribe any testimony taken on the tour.

Depending on the issues raised and the number of interveners appearing during the hearing, the Committee may deem it appropriate at some point to recess the hearing to a time and place to be announced during the hearing, or to be determined after the recess, at which time and place the hearing will be resumed. These dates and places will be posted on the Applicants and ACC websites. At the discretion of the Committee, such resumed hearings may be held at a date, time and place designated by the Committee or its Chairman.

NOTE: NOTICE OF SUCH RESUMED HEARINGS WILL BE GIVEN; PUBLISHED NOTICE OF SUCH RESUMED HEARING IS NOT REQUIRED.

Each county and municipal government and state agency interested in the proposed Project and desiring to become a party in the proceeding must file with the Arizona Corporation Commission, 1200 West Washington Street, Phoenix, Arizona 85007, a notice of its intent to be a party. That notice must be filed not less than ten (10) days before the date set for hearing.

Any domestic, non-profit corporation or association, formed in whole or in part to promote conservation or natural beauty, to protect the environment, personal health or other biological values, to preserve historical sites, to promote customer interests, to represent commercial and industrial groups, or to promote the orderly development of the area in which the Project is to be located and desiring to become a party to the certification proceedings must file with the Arizona Corporation Commission, 1200 West Washington Street, Phoenix, Arizona 85007, notice of its intent to be a party. That notice must be filed not less than ten (10) days before the date set for hearing.

The Committee or its Chairman, at any time deemed appropriate, may make other persons parties to the proceeding.

Any person may make a limited appearance at a hearing by filing a statement in writing with the Arizona Corporation Commission, 1200 West Washington Street, Phoenix, Arizona 85007, not less than five (5) days before a date set for hearing. A person making a limited appearance shall not be a party or have the right to present testimony or cross-examine witnesses.

This proceeding is governed by Arizona Revised Statutes (A.R.S.) §§ 40-360 to 40-360.13 and Arizona Administrative Code R14-3-201 to R14-3-219. No substantive communication, not in the public record, may be made to any member of the Committee. The written decision of the Committee will be submitted to the Arizona Corporation Commission pursuant to A.R.S. § 40-360.07. Any person intending to be a party before the Arizona Corporation Commission must be a party to the certification proceedings before the Committee.

ORDERED this 10th day of August, 2009.

ntrol of Bridges' lucrative mining concession. Bridges died Tuesday from wounds, officials said. His wife, Bruce, and two Kenyan lieutenants were injured. Bridges also is survived by his wife, Judith, and daughter, Laura, a law student in Chicago. To Bruce Bridges, they are his citizens. Bruce Bridges said his father had been fighting for three years against a group of rebels — who he said were aided by local government officials — seeking to drive him away. After Kenyan mining officials held the senior Bridges' legal rights to mine the land earlier this year, the group turned to violence and intimidation, including roadblocks, harassment and death threats, the son said.

Campbell Bridges was known by many people associated with the Tucson Gem, Mineral and Jewelry Show. At the 2002 show, he was the "Gem of the Year" award winner. The award was given to him by the Tucson Gem, Mineral and Jewelry Show. He was the first person to win the award. He was the first person to win the award. He was the first person to win the award.

tanianite in the 1960s. He worked as a consultant for New York-based Tiffany & Co. jewelers in selling the gems to U.S. customers. He is credited with finding, in 1967, an equally rare green gemstone called tsavorite. When Tanzania nationalized its mining industry, Bridges moved his prospecting business to neighboring Kenya, where he laid claim to a large deposit of the green-speckled rocks near the border with Tanzania. He named the stones after Tsavo National Park, near where his company, Tsavorite USA, still mines and sells gems. Family members expressed skepticism that Kenyan authorities would prosecute those involved in the slaying and have asked the U.S. and British embassies to investigate.

being corrupt, said Drew Carey, 26, who works at a New Orleans pastry shop and has a "Brad Pitt for Mayor" sticker on his laptop computer. "Plus, he'll help the movie industry here in New Orleans and keep a light on the city." Pitt said on NBC's "Today" that he's noticed the shirts but laughed off the idea of running. "I don't have a chance." He joked: "I'm running on the gay-marriage, no-religion, legalization and taxation of marijuana platform."

UNION STATION is up for bluegrass honors
NASHVILLE — Dan Tyminski sure made the most of his time off from Alison Krauss' group, Union Station. Tyminski, a guitarist and singer, and his band are the top nominees for this year's International Bluegrass Music Awards

NEW YORK
"Meet the Press" beat Sunday news rivals
NEW YORK — David Greig and NBC's "Meet the Press" back on top one week after Sunday show slipped to second behind ABC. ABC's win was the first decade in a clean fight — the without substitute hosts, so pre-emptions or presider visits. Nielsen Media Research: "Meet the Press" had just over 3 million viewers, while Al "This Week with George Stephanopoulos" had 2.7 million.

Case No. 140

NOTICE OF HEARING

A PUBLIC HEARING WILL BE HELD before the Arizona Power Plant and Transmission Line Siting Committee ("Committee") regarding the application of Tucson Electric Power Company ("TEP") and Southwest Transmission Cooperative, Inc. ("SWTC") for a Certificate of Environmental Compatibility authorizing (1) the reconstruction of an existing TEP 138 KV line to an SWTC 115 KV line from the existing Saguaro Substation to the existing Tortolita Substation in Pinal County; and (2) the reconfiguration of two existing TEP 138 KV lines and the addition of one TEP 138 KV line and one SWTC 115 KV line from the existing Tortolita Substation to the existing North Loop Substation in the Town of Marana, Pima County ("Project"). The hearing will be held at The Omni Tucson National Resort, 2727 West Club Drive, Tucson, Arizona. The hearing is scheduled to begin October 6, 2009, at 9:30 a.m. The hearing will continue as necessary on October 7, 2009, at 8:30 a.m., if a tour is taken, otherwise it will begin at 9:30 a.m. If the hearing has not concluded, it will continue on October 8, 2009 at 9:30 a.m. The hearing will adjourn at approximately 5:00 p.m. on all days. Additional hearing days, if necessary, will be noticed on the Applicants and Arizona Corporation Commission ("ACC") websites.

The Applicants' website with Project information is: <http://www.tep.com/compan/news/SA2NL/index.asp> and

<http://www.southwesttransmission.com/metadata/index.pl?id=2306&isa=Category>

The ACC Website is: http://www.azcc.gov/AZ_Power_Plant

Copies of the Application and Transcripts will be available for inspection at the following locations:

Gessa-Marana Branch Library — 13370 N. Lon Adams Road, Marana, Arizona 85653.
Nanini Branch Library — 7300 N. Shannon Road, Tucson, Arizona 85741.

PUBLIC COMMENT WILL BE TAKEN AFTER OPENING STATEMENTS AND AS PERMITTED BY THE COMMITTEE CHAIRMAN. IN ADDITION, A SEPARATE EVENING PUBLIC COMMENT SESSION WILL BE HELD TUESDAY, OCTOBER 6, 2009, AT 6:00 P.M. AT THE OMNI TUCSON NATIONAL RESORT, 2727 WEST CLUB DRIVE, TUCSON, ARIZONA.

The Project consists of two segments. The first segment involves reconfiguring about 1.3 miles of a single-circuit TEP 138 KV line to a single-circuit SWTC 115 KV line on steel monopole structures within an existing right-of-way. This segment will originate from the existing Saguaro Substation, in T.10S., R.10E., Section 15 (owned by Arizona Public Service Company) to the vicinity of the existing Tortolita Substation in T.10S., R.10E., Section 23 (owned by TEP). Both substations are located in Pinal County.

The second segment involves removing two existing TEP 138 KV lines from wooden H-frame structures and reconstructing those lines on new structures — as well as adding one TEP 138 KV line and one SWTC 115 KV line. This Segment would originate from the existing Tortolita Substation in Pinal County to the existing North Loop Substation, in T.12S., R.12E., Section 9, in the Town of Marana, Pima County. The Project will interconnect two existing TEP Substations (Tortolita and North Loop). The Project will also interconnect the SWTC 115 KV line to the Saguaro Substation and to the proposed SWTC Adonis Substation (located entirely on State Land).

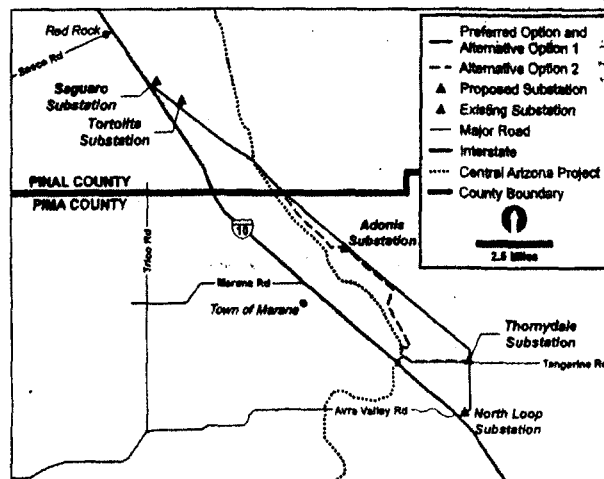

TEP and SWTC propose three options in the Application for the second segment:

- Preferred Option: Construction of one series of quad-circuit transmission line steel monopoles in the existing 360-foot-wide TEP transmission line corridor consisting of multiple rights-of-way from Tortolita to North Loop Substations (14.4 miles long).
- Alternative Option 1: Construction of two adjacent series of double-circuit transmission line steel monopoles in the existing 360-foot wide TEP transmission line right-of-way ("ROW") from Tortolita to North Loop Substations (14.4 miles long).
- Alternative Option 2: Construction of one series of quad-circuit transmission line steel monopoles within the existing 360-foot-wide TEP transmission line ROW to the intersection of that ROW and the Central Arizona Project ("CAP") canal. From that point south to the intersection of the CAP canal and Tangerine Road, the route would traverse in a new 100-foot-wide ROW adjacent to the east edge of the existing CAP canal. From that point the line would head east along the north side of Tangerine Road until it intersects the existing TEP transmission line ROW. From the intersection the line would be constructed in the existing 360-foot wide ROW to the North Loop Substation. (15.9 miles long).

More complete maps, along with more detailed textual descriptions of the proposed route are available in the Application and on the Applicants' website. The Application that includes detailed maps of the proposed Project is on file with the Docket Control Center of the Arizona Corporation Commission, 1200 West Washington Street, Suite 108, Phoenix, Arizona, 85007, and 400 West Congress Street, Suite 221, Tucson, Arizona 85701 in addition to the two library locations listed above.

The Committee may conduct a tour of the Project area and the proposed routes. If a tour is conducted, a map and itinerary for the tour will be available at the hearings. Members of the public may follow the Committee in

their own private vehicles. During the tour, the Committee may hear brief testimony at stops on the tour from one or more witnesses concerning where the stops are located, what is visible at the stops and the relevance of the location and view to the proposed routes of the transmission line in the Application. No other discussion or deliberation concerning the Application will occur. A court reporter will transcribe any testimony taken on the tour.

Depending on the issues raised and the number of interveners appearing during the hearing, the Committee may deem it appropriate at some point to recess the hearing to a time and place to be announced during the hearing, or to be determined after the recess, at which time and place the hearing will be resumed. These dates and places will be posted on the Applicants and ACC websites. At the discretion of the Committee, such resumed hearings may be held at a date, time and place designated by the Committee or its Chairman.

NOTE: NOTICE OF SUCH RESUMED HEARING WILL BE GIVEN; PUBLISHED NOTICE OF SUCH RESUMED HEARING IS NOT REQUIRED.

Each county and municipal government and state agency interested in the proposed Project and desiring to become a party in the proceeding must file with the Arizona Corporation Commission, 1200 West Washington Street, Phoenix, Arizona 85007, a notice of its intent to be a party. That notice must be filed not less than ten (10) days before the date set for hearing.

Any domestic, non-profit corporation or association, formed in whole or in part to promote conservation or natural beauty, to protect the environment, personal health or other biological values, to preserve historical sites, to promote customer interests, to represent commercial and industrial groups, or to promote the orderly development of the area in which the Project is to be located and desiring to become a party to the certification proceedings must file with the Arizona Corporation Commission, 1200 West Washington Street, Phoenix, Arizona 85007, notice of its intent to be a party. That notice must be filed not less than ten (10) days before the date set for hearing.

The Committee or its Chairman, at any time deemed appropriate, may make other persons parties to the proceeding.

Any person may make a limited appearance at a hearing by filing a statement in writing with the Arizona Corporation Commission, 1200 West Washington Street, Phoenix, Arizona 85007, not less than five (5) days before a date set for hearing. A person making a limited appearance shall not be a party or have the right to present testimony or cross-examine witnesses.

This proceeding is governed by Arizona Revised Statutes (A.R.S.) §§ 40-360 to 40-360.13 and Arizona Administrative Code R14-3-201 to R14-3-219. No substantive communication, not in the public record, may be made to any member of the Committee. The written decision of the Committee will be submitted to the Arizona Corporation Commission pursuant to A.R.S. § 40-360.07. Any person intending to be a party before the Arizona Corporation Commission must be a party to the certification proceedings before the Committee.

My Commission Expires 12/15/09

would give Barrio Sin Nombre ("Area Without a Name") more of a presence." Dana Helfer wrote in the Menlo Park Sentinel newsletter.

"Neighbors submitted names for discussion and at the July Menlo Park Neighborhood Association meeting, neighbors voted to change the name to Barrio San Agustín reflecting and honoring the history of the area and the San Agustín Mission."

The mission was established in the mid-1700s and was completed in the late 1790s to early 1800s. It includes a two-story priest's residence and trade school, a chapel, a granary and other outbuildings, all surrounded by a wall.

Cele Peterson, honorary chairwoman of the event, and representatives from the Drachman Institute and the office of Ethnohistorical Research at the Arizona State Museum will be part of the forum.

The Mission Garden will be a reconstruction of the Spanish Colonial walled garden that was part of Tucson's historic San Agustín Mission. It will be rebuilt on its original site featuring heirloom plants and gardens interpreting 4,000 years of Tucson agriculture.

For more information and a list of presenters, call Bill Dupont at 404-7237.

lack of state funding could keep many schoolchildren from being exposed to the arts.

"When I was a kid, that's what kept me in school, the art classes," he said.

Gyver, 56, is no stranger to charity work. Some years ago, while living in Scottsdale, he built his first bike for a good cause. He said the Harley he donated to benefit the Crazy Horse Memorial Foundation in South Dakota raised more than \$200,000.

Any money the motorcycles raise will help at a time when the slow economy has hit nonprofit arts groups hard, he said.

Kate Marquez, executive director of the Southern Arizona Arts & Cultural Alliance, concurs. "Our goal is to raise

\$50,000 to \$100,000," she said. "All the money goes to school programs."

The Tucson Jazz Society's president, Jeff Lewis, is banking on the charity motorcycle to help the organization raise \$50,000 or more to finance operations and to pay back debt.

"It's like a lifesaver," he said. "We've become an all-volunteer organization."

Raffle tickets are \$20 each or three tickets for \$50.

"A lot of people can't afford to go out and by an expensive custom motorcycle, but for \$20 they have a chance to win one," Gyver said.

He is selling raffle tickets for both motorcycles at the 2009

Custom Motorcycle Show, which comes to an end today at the Tucson Convention Center downtown.

For Gyver, each motorcycle he handcrafts is a labor of love. It normally takes him about six months to complete each one. He aims to finish both charity motorcycles by November, though.

Gyver gets some help from machinist Dave McCaul and airbrush artist Dawne Holmes, whose work has been shown in the Guggenheim Museum in New York City and the Field Museum in Chicago.

He buys the motor new from Harley-Davidson, then builds the frame "and we do everything

else from there."

The winner of one motorcycle will be selected at SAACA's Classic Car, BBQ & Blues Show Family Festival Feb. 20 at the Old Valley Marketplace at North Oracle and East Tangerine roads.

The Tucson Jazz Society will give away its charity motorcycle during its New Year's Eve Gala at the JW Marriott Starr Pass Resort & Spa, 3800 W. Starr Pass Blvd.

BEFORE THE ARIZONA POWER PLANT AND TRANSMISSION LINE SITING COMMITTEE

IN THE MATTER OF THE APPLICATION OF TUCSON ELECTRIC POWER COMPANY AND SOUTHWEST TRANSMISSION COOPERATIVE, INC. FOR A CERTIFICATE OF ENVIRONMENTAL COMPATIBILITY FOR: (1) THE RECONFIGURATION OF AN EXISTING TEP 138 KV LINE TO AN SWTC 115 KV LINE FROM THE EXISTING SAGUARO SUBSTATION IN SEC. 15, T.10S., R.10E. TO THE EXISTING TORTOLITA SUBSTATION IN SEC. 23, T.10S., R.10E., PINAL COUNTY, AND (2) THE RECONSTRUCTION OF TWO EXISTING TEP 138 KV LINES AND THE ADDITION OF ONE TEP 138 KV LINE AND ONE SWTC 115 KV LINE FROM THE EXISTING TORTOLITA SUBSTATION TO THE EXISTING NORTH LOOP SUBSTATION IN SEC. 9, T.12S., R.12E. IN THE TOWN OF MARANA, PIMA COUNTY.

Docket No. L-00000C-09-0385-00140

Docket No. L-00000C-09-0385-00149

Case No. 149

NOTICE OF HEARING

A PUBLIC HEARING WILL BE HELD before the Arizona Power Plant and Transmission Line Siting Committee ("Committee") regarding the application of Tucson Electric Power Company ("TEP") and Southwest Transmission Cooperative, Inc. ("SWTC") for a Certificate of Environmental Compatibility authorizing (1) the reconstruction of an existing TEP 138 KV line to an SWTC 115 KV line from the existing Saguaro Substation to the existing Tortolita Substation in Pinal County; and (2) the reconstruction of two existing TEP 138 KV lines and the addition of one TEP 138 KV line and one SWTC 115 KV line from the existing Tortolita Substation to the existing North Loop Substation in the Town of Marana, Pima County ("Project"). The hearing will be held at The Omni Tucson National Resort, 2727 West Club Drive, Tucson, Arizona. The hearing is scheduled to begin October 6, 2009, at 9:30 a.m. The hearing will continue as necessary on October 7, 2009, at 8:30 a.m., if a tour is taken, otherwise it will begin at 9:30 a.m. If the hearing has not concluded, it will continue on October 8, 2009 at 9:30 a.m. The hearing will adjourn at approximately 5:00 p.m. on all days. Additional hearing days, if necessary, will be noticed on the Applicants and Arizona Corporation Commission ("ACC") websites.

The Applicants' website with Project information is: <http://www.tep.com/company/news/SA2NL/index.asp>

and

<http://www.southwesttransmission.coop/metadata/index.pl?id=2306&isa=Category>

The ACC Website is: http://www.azcc.gov/AZ_Power_Plant

Copies of the Application and Transcripts will be available for inspection at the following locations:

Geasa-Marana Branch Library - 13370 N. Lon Adams Road, Marana, Arizona 85653.

Nanini Branch Library - 7300 N. Shannon Road, Tucson, Arizona 85741.

PUBLIC COMMENT WILL BE TAKEN AFTER OPENING STATEMENTS AND AS PERMITTED BY THE COMMITTEE CHAIRMAN. IN ADDITION, A SEPARATE EVENING PUBLIC COMMENT SESSION WILL BE HELD TUESDAY, OCTOBER 6, 2009, AT 6:00 P.M. AT THE OMNI TUCSON NATIONAL RESORT, 2727 WEST CLUB DRIVE, TUCSON, ARIZONA.

The Project consists of two segments: The first segment involves reconfiguring about 1.3 miles of a single-circuit TEP 138 KV line to a single-circuit SWTC 115 KV line on steel monopole structures within an existing right-of-way. This segment will originate from the existing Saguaro Substation, in T.10S., R.10E., Section 15 (owned by Arizona Public Service Company) to the vicinity of the existing Tortolita Substation in T.10S., R.10E.; Section 23 (owned by TEP). Both substations are located in Pinal County.

The second segment involves removing two existing TEP 138 KV lines from wooden H-frame structures and reconstructing those lines on new structures - as well as adding one TEP 138 KV line and one SWTC 115 KV line. This segment would originate from the existing Tortolita Substation in Pinal County to the existing North Loop Substation, in T.12S., R.12E., Section 9, in the Town of Marana, Pima County. The Project will interconnect two existing TEP Substations (Tortolita and North Loop). The Project will also interconnect the SWTC 115 KV line to the Saguaro Substation and to the proposed SWTC Adonis Substation (located entirely on State Land).

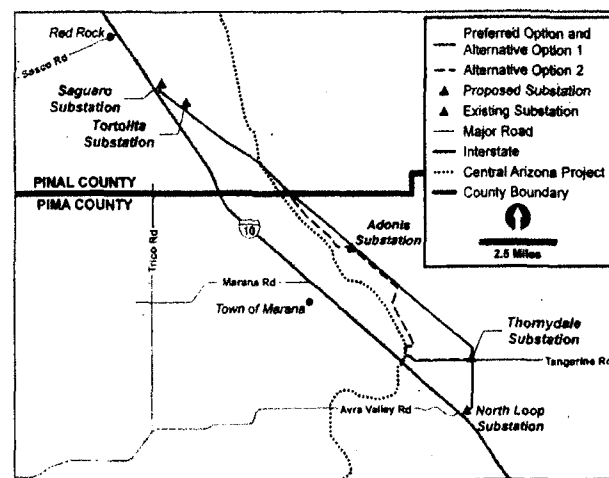

TEP and SWTC propose three options in the Application for the second segment:

- Preferred Option: Construction of one series of quad-circuit transmission line steel monopoles in the existing 360-foot-wide TEP transmission line corridor consisting of multiple rights-of-way from Tortolita to North Loop Substations (14.4 miles long).
- Alternative Option 1: Construction of two adjacent series of double-circuit transmission line steel monopoles in the existing 360-foot wide TEP transmission line right-of-way ("ROW") from Tortolita to North Loop Substations (14.4 miles long).
- Alternative Option 2: Construction of one series of quad-circuit transmission line steel monopoles within the existing 360-foot-wide TEP transmission line ROW to the intersection of that ROW and the Central Arizona Project ("CAP") canal. From that point south to the intersection of the CAP canal and Tangerine Road, the route would traverse in a new 100-foot-wide ROW adjacent to the east edge of the existing CAP canal. From that point the line would head east along the north side of Tangerine Road until it intersects the existing TEP transmission line ROW. From the intersection the line would be constructed in the existing 360-foot wide ROW to the North Loop Substation. (15.9 miles long).

More complete maps, along with more detailed textual descriptions of the proposed route are available in the Application and on the Applicants' website. The Application that includes detailed maps of the proposed Project is on file with the Docket Control Center of the Arizona Corporation Commission, 1200 West Washington Street, Suite 108, Phoenix, Arizona, 85007, and 400 West Congress Street, Suite 221, Tucson, Arizona 85701 in addition to the two library locations listed above.

The Committee may conduct a tour of the Project area and the proposed routes. If a tour is conducted, a map and itinerary for the tour will be available at the hearings. Members of the public may follow the Committee in

their own private vehicles. During the tour, the Committee may hear brief testimony at stops on the tour from one or more witnesses concerning where the stops are located, what is visible at the stops and the relevance of the location and view to the proposed routes of the transmission line in the Application. No other discussion or deliberation concerning the Application will occur. A court reporter will transcribe any testimony taken on the tour.

Depending on the issues raised and the number of interveners appearing during the hearing, the Committee may deem it appropriate at some point to recess the hearing to a time and place to be announced during the hearing, or to be determined after the recess, at which time and place the hearing will be resumed. These dates and places will be posted on the Applicants and ACC websites. At the discretion of the Committee, such resumed hearings may be held at a date, time and place designated by the Committee or its Chairman.

NOTE: NOTICE OF SUCH RESUMED HEARING WILL BE GIVEN; PUBLISHED NOTICE OF SUCH RESUMED HEARING IS NOT REQUIRED.

Each county and municipal government and state agency interested in the proposed Project and desiring to become a party in the proceeding must file with the Arizona Corporation Commission, 1200 West Washington Street, Phoenix, Arizona 85007, a notice of its intent to be a party. That notice must be filed not less than ten (10) days before the date set for hearing.

Any domestic, non-profit corporation or association, formed in whole or in part to promote conservation or natural beauty, to protect the environment, personal health or other biological values, to preserve historical sites, to promote customer interests, to represent commercial and industrial groups, or to promote the orderly development of the area in which the Project is to be located and desiring to become a party to the certification proceedings must file with the Arizona Corporation Commission, 1200 West Washington Street, Phoenix, Arizona 85007, notice of its intent to be a party. That notice must be filed not less than ten (10) days before the date set for hearing.

The Committee or its Chairman, at any time deemed appropriate, may make other persons parties to the proceeding.

Any person may make a limited appearance at a hearing by filing a statement in writing with the Arizona Corporation Commission, 1200 West Washington Street, Phoenix, Arizona 85007, not less than five (5) days before a date set for hearing. A person making a limited appearance shall not be a party or have the right to present testimony or cross-examine witnesses.

This proceeding is governed by Arizona Revised Statutes (A.R.S.) §§ 40-360 to 40-360.13 and Arizona Administrative Code R14-3-201 to R14-3-219. No substantive communication, not in the public record, may be made to any member of the Committee. The written decision of the Committee will be submitted to the Arizona Corporation Commission pursuant to A.R.S. § 40-360.07. Any person intending to be a party before the Arizona Corporation Commission must be a party to the certification proceedings before the Committee.

ORDERED this 10th day of August, 2009.

/s/ John Foreman, Chairman
Arizona Power Plant and
Transmission Line Siting Committee
Assistant Attorney General
